

# weddings photography

I know when to be in the right place at the right time, but I like to keep my presence understated. I can take charge and organise group shots if you would like me to, but am also happy to blend quietly in with your special day. The result - professional, natural images to treasure forever.

My fees are simple and straightforward. You can go 'all out' and have me for the day, or you can have something more modest. I believe everyone should be able to have a lasting memory of their wedding day. My most popular formats are below.

I can offer bespoke packages and your photo shoot can also be tailored to your needs. Additional shoot time is simply charged at £250 per hour. This covers the extra photography shoot time and of course the editing and images.

**Shoot 1 £825** Up to 3 hours photography with all your photos in digital format. Designed for smaller events. Hundreds of high resolution photos on a memory stick.

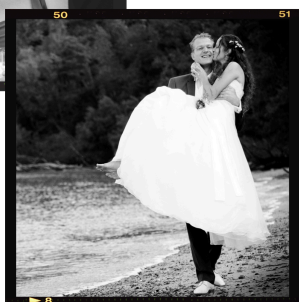

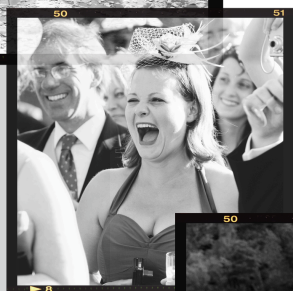

**Shoot 2 £1390** Up to 6 hours photography with all your photos in digital format. A minimum of 250 high resolution photos on a memory stick, including a 'photographers edit' to help you pick out the best.

**Shoot 3 £1790** Up to 8 hours photography with all your photos in digital format. A minimum of 450 high resolution photos on a memory stick including a 'photographers edit' to help you pick out the best.

I shoot hundreds of pictures at your wedding, they are then carefully edited in the studio. After the big day you receive pretty much everything I've taken as digital files. Pictures are supplied in a mixture of colour and black and white and can be re-ordered in any format. As well as your memory stick of pictures, I can upload the edit folder to my website so you and your guests can login, view and order photographs online.

**We offer a variety of print sizes, contemporary wall art, albums and coffee table books. Please ask for more details.**

Give me a call if you want to chat about ideas or need more information. Visit my website for inspiration and a browse through the galleries. You can also follow me on Instagram and Facebook.
